If you find any materials missing, please contact me at (513) 352-6340 or log on to our web site at www.rcc.org/transeng/lmaster.html.

We encourage each member to thoroughly review the material and bring questions or comments to be addressed at the upcoming CTAG meeting. The consultants' presentation will help to clarify any information that is technical in nature. We will also continually update reference materials that were distributed at the CTAG Meeting #1, such as the Master Plan Update Targeted Dates and the Frequently-Asked-Questions handouts.

We greatly appreciate any thoughts that you have in helping us educate the stakeholders that you represent. Thank you for your assistance.

Sincerely,
